Intermediate Narayana Junior College

06/2017 - 05/2019

Aggregate:97%

SKILLS

Flutter Dart firebase Bloc Provider
Getx Figma Java Python HTML
CSS Javascript Reactjs Nodejs
MongoDB Project- Management

ACHIEVEMENTS

Gate-2023 (11/2022 - 01/2023)

Achieved an All India Rank (AIR) of 2800 in Computer Science

JEE Entrance Exam

Able to get 96 percentile.

PERSONAL PROJECTS

QuickPG-Viewers (02/2024 - 06/2024)

- **Dual-Role Applications with Flutter:** Developed separate mobile applications for Owner and Viewer roles using Flutter, providing tailored interfaces and features for each user type.
- **State Management with GetX and Secure Authentication:** Streamlined state management using GetX and integrated Firebase Authentication to ensure secure and reliable user authentication. Integrated twilio for OTP notification.
- **Backend development with Node.js and Firebase:** Constructed a Node.js server with JWT-based authorization and employed Redis for efficient cache management. Integrated Firebase for seamless real-time data handling and synchronization.

E-commerce App (10/2023 - 01/2024)

- **Integrated Firebase Authentication:** Implemented secure user authentication using email and password, allowing users to sign up, log in, and manage their accounts
- **Product Display from API:** Fetched and showcased products from a dummy API, offering users a comprehensive and interactive product catalog experience.
- **State Management with Provider:** Leveraged the Provider package for efficient state management, ensuring smooth data flow and consistent UI updates across the app.
- **Dynamic Discount Control with Firebase Remote Config:** Employed Firebase Remote Config to dynamically update and display product discounts as needed by the admin, allowing real-time promotional adjustments without requiring app updates.
- **MVC Architecture:** Followed the MVC (Model-View-Controller) architecture, enhancing code modularity, maintainability, and scalability.
